County Land Division Committee notified Council that a Public Hearing will be held at the Court House in Woodstock on Tuesday, March 13, 1979 concerning the William Vink application for severance.

The Land Division Committee granted the Gordon Barron (Banbury property) application for severance, provided the severed lands are conveyed to the abutting land owner and held in identical ownership to the said owner's existing property, and the retained lands are placed in an appropriate residential designation. The Grant Butcher application for a residential lot was denied by the Committee.

The Ontario Municipal Board approved rezoning By-law Number 249-79. This by-law changed the zoning on a recently severed land-locked parcel to Rural Residential on the John Mitchell property.

The County of Oxford Planning Department enclosed a copy of the Plattsville draft approved plan of subdivision that showed modifications to a redesign of the cul-de-sac from the northerly Street B to the Southerly Street A. The modification also showed the development in two phases; the First Phase consisting of 40 single family dwelling lots and two semi-detached lots for a total of 44 residential units.

The County of Oxford advised that they adopted the following resolution at their February 28, 1979 regular Council meeting: "That the County pay in addition to the General Levy of the Conservation Authorities, administration, maintenance and operation costs, as well as major maintenance for the area Municipalities. That all special projects undertaken by Conservation Authorities, on behalf of any Municipality, be paid by the benefiting Municipality.

The County of Oxford requested the Township to nominate a person to serve on an ad hoc committee consisting of one representative of each Municipality to discuss solid waste management in the County, and bring a firm recommendation to County Council by the first Council meeting in June, 1979.

The County Planning Commissioner advised Council that a proposed creative Arts Centre on the SH of Lot 16, Concession 12 (Blenheim) would have to be added to the C1 (General Commercial) zone in By-law Number 1529, as amended, provided Council was willing to amend the zoning on the lands presently owned by the Ministry of the Environment.

The Grand River Conservation Authority approved the erection of a structure required to house the Plattsville Municipal well and water pump house and the placing of fill material in Lot 19, Concession 13 (Blenheim), west of Plattsville.

The County of Oxford Engineer, Mr. Don Pratt, recommended that the Township try to trim the slope by the cemetery located in Lot 7, Concession 4 (Blenheim) to improve visibility for southbound traffic on the $\frac{1}{2}$ Townline Road, since the stop signs have been changed to make the Road Allowance between Concessions 3 and 4 a through road.

CORRESPONDENCE:

Oxford County Land Division Committee informed Council that applications for severance were submitted by James Knarr (Washington), Magee Farms Ltd., Willis Rogers, Donald Robson, and Raymond Skillings. The Land Division Committee advised that a Public Hearing will be held May 22, 1979 at the Court House in Woodstock concerning the application for severance submitted by North Blenheim Farmers Mutual Insurance Co. The Land Division Committee advised that the Kenneth Hughes application for severance was deferred at the request of the applicant's Solicitor.

Ontario Municipal Board advised that Mr. Glenford Skillings withdrew his appeal on the Oxford County Land Division Committee's decision not to grant a severance of a 100 acre parcel of land into two - 50 acre parcels in Lot 23, Concession 7 (Blenheim). The Board issued an order dismissing the appeal.

A.M. MacKenzie, O.L.S. enclosed a copy of a Reference Plan covering Part of the South Half of Lot 1, Concession 11 of the former Township of Blandford. The Plan denotes the new site for the Bright Fire Hall. The lot is .991 acres in size with 200 feet of frontage.

At the request of Council, County Engineer, Don Pratt outlined various methods of improving the operation of the Landfill site located in Lot 19, Concession 9 (Blenheim). Council reviewed the comments and a proposed form of tender and after several amendments and additions requested that a tender call be placed in the paper with a closing date of June 5, 1979.

Ministry of Agriculture and Food allotted the Township \$57,200.00 for the Tile Drainage programme for the period April 1, 1979 to March 31, 1980. This represents a decrease of \$12,200.00 over the 1978-1979 allocation. The Province bases the drainage allotment over each municipalities request for the past three years. The Provincial budget has not increased, therefore, with more municipalities taking advantage of the programme, the individual share decreases. Council approved the individual requests totalling \$100,300.00 to date subject to the necessary funds being provided by the Province. The debentures will be issued on a first come - first serve basis, however, when the funds are depleted property owners may receive the funds next May from the Provinces 1980-81 budget.

Council met at the Township Office at 9:00 p.m. for a special meeting concerning the award of the tender for the Plattsburg Drainage Works. Mayor Ross Livingston presided, Councillors Jeff Brittain, John English, Brian Hanna and Kenn Howling were in attendance.

Township Engineer Kenn Smart, after reviewing the tenders, advised the office by telephone that he would recommend that Council accept the second lowest tender submitted by Blue-Con Construction, London, Ontario. The lowest tender submitted by Three Hills Construction, Waterloo, Ontario had various irregularities and the reference Mr. Smart received on the firm led him to recommend the Blue-Con firm.

After considering the comments of the Township Engineer, Council passed the following resolution:

Moved by Kenn R. Holwing

Dufresne, Barrsiter and Solicitor for the South Waterloo District Council Boy Scouts of Canada, advised Council that the Scouts Association is presently considering extensive river bank repairs on the Nith River at the Peace Haven Scout Camp located in Part of Lot 8, Concession 6 (Blenheim). Oxford County Council adopted a recommendation of the Public Works Committee which recommended that all area municipalities consider garbage pick-up service to all residents to help simplify and decrease the cost of the overall solid waste management program in the County.
